St Martins

Moving forward together

Summer Fair 2024

Like every year residents and staff from all the projects gathered at our usual spot to party together and endure another rainy day this unfortunate summer. Despite the weather circumstances, we did not lose our appetite for singing , dancing , playing sports activities, board games and even make icing cakes.
It was a great pleasure reuniting again and catching up.

Special thanks to Patrick that cooked fresh meals this year that could not be more delicious and fresh.

Thank you to the ones attending and for those who didn't we hope to see you next year.
