London Zoo Trip

11-07-2024

As one of the many activities St Martin's organises for the residents, the staff took 10 residents to the London zoo.

Marlon from Chalk Hill and Daniel from Ferrini House both said it was a very nice day, with lovely weather too!

The resident's favourite animals were the lions and tigers. But all agreed, that the Lions were not doing much, just lazing around!

Thank you to those who attended, and a special thank you to Skye for this fun activity idea!
